

Bonus Features Above and Beyond Fixed Control Heads

Reliable and Rugged

- ▶ Dedicated encryption on/off button (top — not shown)
- ▶ Numeric Keypad
- ▶ Highly flexible mounting locations for convenience or privacy
- ▶ HHC can be used anywhere with or without mounting
- ▶ Line-level transmit and receive audio via interface box
- ▶ Radio programming and encryption key loading via interface box
- ▶ Compatible with subscriber programming and encryption tools with adapter
- ▶ External speaker jack in interface box

The Hand-Held Controller (HHC) is a full-featured, discreet, and convenient alternative to traditional EFJohnson® mobile radio control heads. Designed primarily for law enforcement, surveillance, and executive applications, the HHC provides full radio functionality in the palm of your hand. The HHC is available as a factory option or field-installed upgrade for any remote-control-head 5300 series or Ascend mobile for all frequency bands, power levels, and software options.

Features

- ▶ All display functions of the 5300 Series control head
- ▶ All six programmable function buttons of the 5300 Series control head
- ▶ Adjustable display and keypad backlighting (including "off")
- ▶ Multi-function LED indicator
- ▶ Volume up/down rocker control
- ▶ Channel/zone selection rocker control

EFJohnson is a leading provider of Project 25 compliant two-way radios and communication systems for law enforcement, fire fighters, EMS, and military.

Handheld Controller Controls

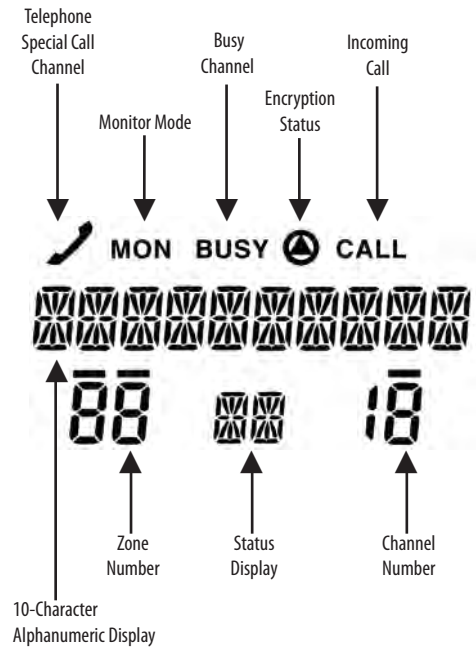

Handheld Controller shown with 5326 100-watt trunk-mount mobile and junction box. External speaker (PN 250-0151-005), also shown, is ordered separately.
